

Dear Mr. Hook

**BUILDING AT RISK – CEMETERY LODGE, TURKEY ROAD, BEXHILL**

Our planning Officer wrote to your Estates Section twice in the autumn of last year suggesting that the Lodge be better secured against unauthorised entry. No response other than the auto acknowledgement was received.

At the Cabinet meeting on the 5<sup>th</sup> of November 2018 members agreed that the site should be adequately secured to prevent damage and further trespassing. We would be pleased to know what has been done. We set on one side the allegation of trespass which we refute in any event.

With regard to the resolution, we have nothing in the five months since the cabinet meeting which called for discussions with Bexhill Heritage and Bexhill Old Town Preservation Society. May we know of the current state of play please?

Yours sincerely
