Caring for Bexhill's past,
present and future.

Dear Mr McSweeney

Application Number RR/2018/2333 Conversion of Commercial Unit to Residential Flat 1 Wellington Place, Terminus Road, Bexhill on Sea.

Bexhill Heritage is disappointed to see so little effort made to improve the presently poor appearance of this building. We think the opportunity should be taken to:

- seek an architectural solution to the conversion to better reflect the prominence of the site,
- take into account the improvements which are possible on the development sites adjacent to the west
- emulate and reflect the care taken with the design and finish of the new building opposite

For these reasons we object to the current application.

Yours sincerely

David Beales
Planning Officer, Bexhill Heritage
