Caring for Bexhill's past,
present and future.

May 14th 2020

Dear Mrs Taylor

[Extensions and New Front Porch / Bin Store 1-5 Eversley Road, Bexhill RR/2020/254](#)

Eversley Road is largely unchanged and its Victorian/Edwardian character still features very strongly in the street scape. This character derives in no small part from the largely unaltered original porches particularly on the west side. Whilst the existing porch which is to be replaced as part of the application is modern, it is relatively unassuming. The proposed porch and store is completely out of keeping with the building and the streetscape. We object to this and suggest a redesign compatible with the building's architecture and materials.

Yours sincerely

A handwritten signature in cursive script that reads 'David Beales'.
