Caring for Bexhill's past,
present and future.

July 31st 2020

Dear Mr Corke

Application RR/2020/544 Replacement of Care Home Accommodation with 14 Flats 49/53 De La Warr Road Bexhill.

Though we wish to raise no objections to the loss of the buildings per se, we think the design of the replacement might be improved by the addition of some decorative stringcoursing and some reference to the existing verandah feature. More importantly, for the windows, we urge the use of the highest quality product available so as to closely follow the design and profile of the traditional wooden windows, in particular slim profiles and a narrow (35-37 mm) meeting rail. White would be our preferred colour.

Yours sincerely

A handwritten signature in cursive script that reads 'David Beales'.
